

CITY OF FENTON—NEWS & VIEWS

NOVEMBER— DECEMBER 2017

MAYOR'S CORNER

Dear Neighbors,

I hope everyone had a fantastic Thanksgiving Day! Did you know that it was first celebrated by the Pilgrims in 1621 as a feast after their first successful corn harvest? It was not until 1863 that President Abraham Lincoln declared Thanksgiving to be a national holiday celebrated in November. It has changed a bit from what started with the founding colonists of our great country. One thing is for certain, it's a great time to enjoy the company of family and friends, reflect upon your life, and be thankful for everything you have.

The City's annual lighting ceremony was held on November 17th. I hope everyone who attended enjoyed the event. It's a beautiful sight to see the lights turn on all at once.

Our City is still busy working towards getting improvements done. The City Hall parking lot is done and looks great. We have received the bids for the construction of Phase I of the Gravois Road Replacement Project and are moving along with that timeline. The City has closed on the purchase of 731 Larkin Williams Road and 811 Larkin Williams Road, and is in the process of acquiring bids for demolishing the buildings.

On November 6th, after the Park Board Meeting, DG2 Design had a presentation for improvements at the Fabick Nature Preserve based upon the previous public input session. They received more public input and will compile both sessions into a final presentation down the road. I certainly am looking forward to us upgrading all of our Fenton parks.

Keeping Fenton Moving Forward,

Mayor Josh Voyles

FENTON IS SNOW READY

With winter weather just around the corner, we would like to make our annual request for your cooperation and assistance during snow emergencies. In order to facilitate efficient and total clearing of pavement when snow advisories are announced by the media or snow begins to fall, please refrain from parking vehicles in the street.

This is particularly important in cul-de-sacs and areas with narrow streets. Parking in a manner that impedes snow removal equipment may result in immediate notification from the Police Department to move the vehicle regardless of the hour.

RECYCLABLE ITEMS REMINDER

Fenton makes it easy for residents to recycle all their items in one container. The City of Fenton provides a 65-gallon cart to each resident. Paper, plastics and tin cans can be placed in the same container.

Unacceptable items include:

- Gas, oil and antifreeze containers.
- Styrofoam.
- Pyrex.
- Plastic bags.
- Hoses, large metal items (car parts).
- Toys and hard-bound books.
- Panes of broken glass and ceramics.

'TIS THE SEASON FOR STYROFOAM AND CARDBOARD BOXES

During the holidays, it's easy to accumulate cardboard boxes and polystyrene packing materials (commonly known as Styrofoam.) Boxes can be flattened or broken down and stacked at the curb with your recycling cart if too big to fit. Styrofoam, however, isn't economical to recycle curbside due to its low scrap value. Fortunately, there are drop-off options. Packing "peanuts" can frequently be returned to a mail store for reuse. *Call the location before dropping off.* For more information, go to www.stlouisco.com. Click on Health and Wellness and then click on Recycling and Waste Management.

WINTER WEATHER AHEAD

With the cold, icy and snowy weather arriving, please make sure you are prepared for a weather emergency.

Home preparations include a portable AM/FM radio with spare batteries, flashlights, ice melt, a furnace check-up, and a tone-alert weather radio.

Preparations for vehicles include winterization by a competent mechanic and a winter car kit for the trunk. The kit should include a portable AM/FM radio with spare batteries, flashlight, first-aid kit, blankets, non-perishable snacks, jumper cables, a shovel and sand.

Schools and business are encouraged to have a safety kit as well as a tone-alert weather radio.

Remember the difference between Winter Storm Watch and Winter Storm Warning. Winter Storm Watch means that hazardous winter weather may occur over the next 12 to 48 hours. Winter Storm Warning means that severe winter weather is imminent or in progress. This includes forecasts of six inches of snow within 12 hours or ice accumulation of 1/4 inch or more. SKYWARN severe weather observers are encouraged to report heavy snow and ice accumulations. Pay attention to the weather and stay safe!
