

CITY OF FENTON

NEWS & VIEWS

December 2010

MAYOR'S CORNER

We are rapidly approaching the end of the year. So, I thought I'd take a look back at 2010, and try to look ahead to what we can expect in 2011.

Clearly one of the biggest stories of 2010 was the continuing impacts of the economic recession and the closing of the Chrysler plants. While we all shared the pain of dealing with these economic realities, the good news is that for 2011 we did not have to make any additional program cuts. We will continue to keep a close watch on the city's finances, and will also continue to let you know how we are doing throughout the year.

Speaking of Chrysler, the year is ending with the demolition of the south plant. We are anticipating an announcement very soon about who the new owners of the site will be. We will then have a much better idea of what the future will hold for that site.

In February, we started the demolition of the Gravois Road Bridge. Unfortunately, it was nearly 8 months later before we were able to finish the demolition and start construction on the new bridge. No one could have predicted that the Meramec River would have been as high as it was for as long as it was. In fact, there has only been one time in the last 140 years – in 1993 – when the river stayed up for as long as it did this year. I am going to go out on a limb and predict that we will be able to finish the project sometime next summer.

July brought the heartbreaking news of the kidnapping of Alisa Maier, the little girl from Louisiana who was

taken from the front yard of her home. But on July 6, she was found, unhurt, by two young people who saw a confused child wandering around late at night by the Post Office. Ashley Gibbs and Kevin McNeeley took the time to help her, and helped the police identify her kidnapper – a man who, we later found out, had killed a man in Hawk Point just a few days earlier. Thank God they were there that night, and were willing to help her.

This fall, we all endured another political campaign. After being subjected to months of vicious personal attacks and deliberately misleading ads, it's been very nice to have a break for a few months. I sincerely hope that our own political season, which kicks off very soon, will be more civil, and that everyone involved will limit the discussion to how they will work to improve our city.

2010 was also a year that impacted my family in a great way. In July we lost our beloved golden retriever, Leo, to bone cancer. He was a big dog, but was incredibly gentle with our grandkids. And when Chris had her back surgery a few years ago, he never left her side while she was recovering. But we now have a new little dog in our lives. We're not really sure what kind of dog Bailey is, but she certainly has a lot of energy. And judging by the number of shoes and other things she's chewed on, we will be doing our part to improve the local economy!

So here are my predictions for 2011:

- We will complete the Meramec River Bridge, and we will have a great celebration to open it
- The plans will be announced for the Chrysler site, and those plans won't include a football stadium – the

number one rumor for what will be built there

- The economy will start to recover, but there will still be a lot of people hurting as the unemployment numbers remain high
- The Fenton Community Charitable Association will have its tenth annual Mayor's Charity Ball on March 26, and it will be a great success

My last prediction is that my family will have a great Christmas season. On behalf of everyone at City Hall, and from my family to yours, here's hoping that you and your family have a great holiday season too.

Mayor Dennis Hancock

ST. LOUIS COUNTY POLICE—FENTON PRECINCT UPDATE

WINTER WEATHER IS AHEAD

With the cold, icy, winter weather arriving, please check for these home preparations: portable am/fm radio with spare batteries, flashlights, ice melt, furnace check-up, and a tone-alert weather radio. Preparations for vehicles

include car winterization by a competent mechanic and a winter car kit for the trunk. The winter car kit should contain a portable am/fm radio with spare batteries, flashlight, first-aid kit, blankets, non-perishable snacks, jumper cables, a shovel and sand. Schools and businesses are encouraged to have a safety kit as well as a tone-alert weather radio.

Remember there is a difference in the Winter Storm Watch and Winter Storm Warning. The Winter Storm Watch means that hazardous winter weather may occur over the next 12 to 48 hours. The Winter Storm Warning means that severe winter weather is in progress or imminent. This includes forecasts of six inches of snow within 12 hours or ice accumulations of 1/4 inch or more. SKYWARN severe weather observers are encouraged to report heavy snow and ice accumulations. Winter weather events below warning criteria are cause for issuance of a Winter Weather Advisory. Wind Chill Advisories are issued when the combination of temperature and wind are expected to produce dangerous wind-chill levels. Pay attention to winter weather advisories and stay safe!

SNOW BIRDS

Don't forget to let us know when you are going south for the winter. We will place your house on the Vacation Inspection Program. Make sure you make your house look like someone is

home. Arrange to have the free papers collected, the snow cleaned away from the driveway and walk, and check for unexpected deliveries.

OPEN GARAGE DOORS

With darkness coming earlier, we want to remind everyone to close their garage doors at night. This will help reduce the potential for crime in your neighborhood. When officers patrolling your neighborhood discover an open garage door, we will contact you by letter and ask that you take the time to safeguard your family and property by keeping your garage door closed. If you have any questions regarding this, please feel free to contact the City of Fenton Precinct.

TRASH TALK

HOLIDAY TRASH SCHEDULE

Trash and recycling pickup will remain on the same days during the weeks of Christmas and New Years.

TIS THE SEASON TO RECYCLE

Don't forget to recycle your wrapping paper and cardboard boxes from the gifts that are received during the holidays. *Please note: No plastic bags and no Styrofoam.*

STREET LIGHTS

Now that winter is almost here, and the evenings are darker, it is a good time to check the street light in front of your house. If it is not working please get the number off of the pole and call Public Works at (636) 349-8155. If you give us the pole number and the street address, we will contact Ameren Missouri to have the light repaired.

CHRISTMAS TREE RECYCLING

The Public Works Department will again, this year, collect and dispose of live Christmas trees. *Curbside recycling will take place with regularly scheduled yard waste pickups.* Please do not drop off trees at City Park. Please remove all tinsel, ornaments, hooks, garland and other decorative materials prior to placing them curbside for pickup.

For additional information, contact the Public Works Department at (636) 349-8155.
